

Vidioh!®

Environmental Sustainability

Vidioh! cards are RoHS and CE compliant

Vidioh recognises the importance of recycling electronic equipment at the end of its useful life.

Once customers have finished using their Vidioh screens they can be returned to us for material reclamation and re-use of the electronic components where possible. Other materials including the card outers are recycled in an environmentally friendly way. Any identifying marks or personalised content will be erased or destroyed before or during the recycling process.
